

TABLE 2-2 Sample Data on Direct Impacts per Each “Major” Event (dollar amounts should be entered in each cell in the table, except for human losses)

Type of Loss	Who Initially Bears The Loss				
	Insurers	Government ^a	Business	Individuals	NGO
Property:					
Government					
Structures					
Contents					
Business					
Structures					
Contents					
Residential					
Structures					
Contents					
Landscapes					
Autos, boats, and planes					
Infrastructure:					
Utilities					
Transportation					
Agricultural products:					
Crops					
Livestock					
Human losses:					
Deaths					
Injuries					
Cleanup and response costs ^b					
Adjustment costs, temporary living aid ^c					

NOTE: If possible, direct primary and secondary losses should be tabulated separately.

^a Ideally, losses of federal, state, and local and tribal governments should be separately collected and recorded.

^b Includes costs of added police protection immediately after the event.

^c Includes expenditures of charities such as the Red Cross.
