

Using SpotOnResponse™ to Participate in the Golden Guardian Exercise Parallel Technology Demonstration

SpotOnResponse is your gateway to all the exercise action!

- Follow the earthquake event and watch as vulnerable facilities or damages in the quake zone are identified at <https://GGEx.SpotOnResponse.com>
- “Move” virtually to inspect those facilities and damage location sites
- Check In at sites to let your colleagues know where you are
- Enter in your own simulated observations, pictures, floor plans, voice, and video
- See where your colleagues are located and their observations, too
- Scientists and engineers make specialized Reports right from SpotOnResponse
 - USGS Field Notes
 - EERI Building Survey
 - EpiConnect

SpotOnResponse User's Guide for Golden Guardian Exercise

	<h4>Action Items Map and List</h4> <ul style="list-style-type: none"> • The map shows your Area of Interest, your viewing area. • Pins show the location and the text bars show things happening in your AOI. • Items of interest will color red when you are in the designated Area of Action. Your proximity to them lets you address immediate safety concerns and determine if you should get involved. • Touching a pin or text list will take you to the Details View for any Action Item. • Use the Menu to: <ul style="list-style-type: none"> ○ Display location of your Team members (on/off button) ○ Refresh manually ○ Change your Profile (including change size of Area of Interest) ○ Set Location to “move” to a new location in an exercise (see Getting Started below for instruction) <p><i>The Getting Started section is below.</i></p>
	<h4>Details and Updates</h4> <ul style="list-style-type: none"> • Touching a pin or text list on the Map and List View gets you details about the Action. • Driving directions to the incident from your current location appear on the map. • The Directions button gets you turn-by-turn written directions. • Pins with a T show location of Team Members. • Pins with a U show location of Action Updates. • Click on an Action Update on the darker blue list at the bottom to see a description and accompanying photos, files, voice notes, or videos. <h4>Create Action Update Observations</h4> <ul style="list-style-type: none"> • Use the Check In button to let others know you are following the action. • Use the Update button to enter your own observations about the actions taking place. Attach photos or files or voice notes or videos, depending on the device you are using. • Use the Report button to access special data collection tools, including <ul style="list-style-type: none"> ○ USGS Field Notes ○ EERI Building Survey ○ EERI EpiCollect ○ And more ...
