2022 EERI Subscribing Membership

SUBSCRIBING MEMBERS ARE LEADERS IN THE EARTHQUAKE RISK REDUCTION COMMUNITY

EERI is the leading non-profit membership organization with a global network of multidisciplinary professionals, leaders, and experts. EERI Subscribing Membership provides a unique opportunity for your company to publicly demonstrate your support for enhancing community resilience to earthquakes throughout the year.

EERI Subscribing Membership provides your company with **valuable year-long opportunities** for recognition, networking, and access to the earthquake risk reduction community. As a subscribing member, you will:

- **Gain high visibility** with EERI members through exclusive profiles on our website, announcements in our bi-weekly e-newsletters, listing in our prestigious technical journal Earthquake Spectra, and recognition at the quadrennial 12th National Conference on Earthquake Engineering (12NCEE), being held concurrently with the EERI Annual Meeting in 2022.
- **Build your staff engagement and learning** through complimentary memberships and registrations to our national conference, webinars, and other professional development opportunities.
- **Enjoy exclusive Subscribing Members-only benefits and exposure at the 12NCEE** through session sponsorships, exhibit booths, event invitations, full registrations, and more.
- **Expand your company's presence and reach** via our social media platforms, with more than 11,300 followers on LinkedIn, 8,200 on Facebook, and 2,400 on Twitter. We feature profiles of our subscribing members and share their news on these platforms.

For more information on becoming a subscribing member, or if you would like assistance choosing a membership level that fits your needs please contact:

Devon Clayton, Membership and Donor Manager, EERI: devon@eeri.org or (510) 509-9601

Heidi Tremayne, Executive Director, EERI: heidi@eeri.org

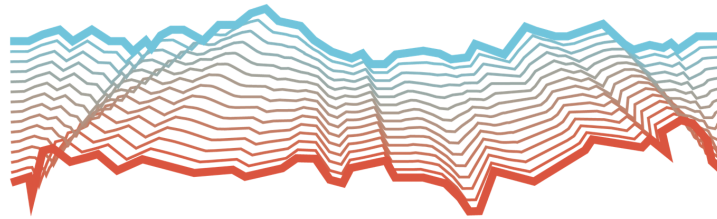

2022 Subscribing Membership Year-Round Benefits

These recurring benefits provide year-round exposure *plus* you will have additional 12NCEE benefits (see next page) for no extra cost.

Subscribing Member Tiers	Visionary	Diamond	Platinum	Gold	Silver	Bronze
Annual Dues	\$50,000	\$25,000	\$17,000	\$12,000	\$8,000	\$5,000

Option to allocate of up to \$5,000 - \$20,000 of dues for a Seismic Design Competition Sponsorship* or LFE Endowment Fund donation**	\$20,000	\$10,000	\$5,000	\$5,000		

*Seismic Design Competition Sponsorship includes your logo on the SDC stage banner, competition t-shirt, signage, and website.

**Donation to EERI's Learning From Earthquakes (LFE) Endowment Fund is a fair market tax writeoff and your organization will be listed as a donor on LFE endowment webpage.

12th National Conference on Earthquake Engineering

Salt Lake City, Utah
27 June - 1 July 2022

Reimagining Risk and Resilience

Benefits and Opportunities for 2022 Subscribing Members at 12NCEE

The 12NCEE is a unique conference that brings together professionals and students from a broad range of disciplines: architecture, civil and structural engineering, seismology, geology, geophysics, geotechnical engineering, business, public policy, social sciences, regional planning, and emergency response management.

Who Will Be There?

More than 1,000 earthquake professionals and 800 students from the US and beyond including:

- The foremost experts in earthquake engineering, geology and seismology
- Tsunami researchers
- Social science and policy experts
- Emergency management officials
- Government leaders and policymakers

Why Should You Be There?

- Maximize your visibility to more than 1,000 earthquake professionals!
- Demonstrate your products, technology and innovations
- Showcase your firm among the top organizations in the field
- Announce new products
- Network with over 400 students attending the conference and Seismic Design Competition
- Interview and recruit students focused on seismic design and earthquake engineering
- Generate highly qualified leads
- Network with the foremost experts and leaders in the field
- Visibility and networking with many NEHRP and Federal Agency Partners

Conference Highlights

- Dynamic keynote presentations and interactive panel discussions
- 750+ papers covering issues critical to earthquake engineers, scientists, policymakers, and disaster mitigation professionals
- 450 oral presentations
- 125 technical sessions
- Special poster sessions featuring 200+ poster presentations
- Exciting field trips to geological and engineering landmarks
- Student Design Competition including shake table testing
