

❖ PLEASE POST ❖

6th Annual Undergraduate Seismic Design Competition

Run by: EERI Student Leadership Council
Date: February 11-14, 2009
Venue: EERI Annual Meeting,
Hilton Salt Lake City Center, Utah
Eligibility: Civil engineering undergraduate students from any university or college

Supplement your undergraduate learning experience with:

- ❖ A creative and competitive outlet
- ❖ Travel to Salt Lake City in February
- ❖ Camaraderie and teamwork with classmates
- ❖ Meet other students, professors, graduate students, and professionals from around the country and internationally

Structures will be evaluated based on:

- ❖ Architectural design
- ❖ Structural innovation
- ❖ Financial return for the client over life of structure

Step 1: Assemble a team and build a commercial office building to maximize floor space for tenants and minimize seismic damage

Step 2: Bring the building to the EERI Annual Meeting in Salt Lake City in February 2009

Step 3: Watch your building perform on a shake table in front of other students, faculty and professionals

Competition Rules, Details and Entry Information:

REGISTRATION DEADLINE: November 19, 2008
