

Annual Report of the EERI Caltech Student Chapter

Anna H. Olsen

April 21, 2008

1 Activities

The EERI Caltech Student Chapter formed one year ago in February 2007.

Three students attended the EERI 2007 Annual Meeting in Universal City. The students attended the formal program and participated in informal discussions with other researchers and practicing engineers.

On 8 November 2007 the EERI Caltech student chapter screened an EERI Technical Seminar video. Students, faculty, and visiting professionals watched the “Beam-Column Connections” talk given by Jack Moehle.

2 Student Membership

The current student membership is seven graduate students. In 2007 the student membership was six students: two students graduated, three students renewed their membership, and one did not renew. There are four first-year students who are applying for membership this year.

3 Officers

As of this report, the president and secretary of the EERI Caltech student chapter is Anna Olsen. The incoming president and secretary is Vanessa Heckman.

4 Advisory Panel

Dr James Beck, Professor of Engineering and Applied Science, continues as the faculty advisor for the chapter. The contact member also continues to be Dr Anders Carlson, Group Director at Gilsanz Murray Stdficek, LLP.
