

2018-2019 ANNUAL REPORT

University of California – San Diego Student Chapter
of the Earthquake Engineering Research Institute

Report Date: July 05, 2019

This report summarizes the membership and activities conducted by the University of California – San Diego Student Chapter of the Earthquake Engineering Research Institute during the 2018-2019 academic year.

MISSION & GOALS

The UC San Diego student chapter aims to give students in the field of earthquake engineering the tools to enrich their academic careers by providing opportunities for further education, networking with professionals, socializing with peers, and participating in extracurricular activities.

MEMBERSHIP

The University of California – San Diego student chapter is undergoing a leadership change. The chapter is rebuilding and does not have definite membership numbers at this time.

OFFICERS

The Board consisted of the following members:

Role	Name	EERI Member Number	Email	Student Status
President	Patrick Hughes	18401		Graduate student

FACULTY & INDUSTRY ADVISORS

Gilberto Mosqueda (UCSD, gmosqueda@ucsd.edu)

CHAPTER ACTIVITIES

The sole EERI event held this year was the seminar listed below. As previously mentioned, the chapter is rebuilding. Plans are in-place to rejuvenate the chapter through social events and funded seminar speaker visits.

Seminar: "The Exciting World of Engineering and Scientific Consulting" by Jeffrey Hunt, PhD, PE

Summary

Dr. Jeffrey Hunt gave a seminar for the UCSD EERI chapter that encapsulated his career as an engineer with a PhD, as well as summarized potential employment opportunities at his company, Exponent. Furthermore, he detailed a case study regarding some recent consulting work he has done with Exponent.

Date

May 23, 2019

SEISMIC DESIGN COMPETITION TEAM

The relationship between the undergraduate seismic design team and the graduate EERI chapter was almost nonexistent. Along with plans to rebuild the graduate chapter, weekly “office hours” will be scheduled in the 2019-2020 academic year, where the undergraduate seismic design team can ask technical questions to one or more graduate students with seismic design experience.

ELECTION & ELECTION RESULTS

Patrick Hughes is the president and sole confirmed member of the UCSD EERI chapter. As the chapter rebuilds in the 2019-2020 academic year, more officers will be elected.
