

SUBSCRIBING MEMBERSHIP

A UNIQUE OPPORTUNITY TO SUPPORT EARTHQUAKE RISK REDUCTION

SHOW corporate support of earthquake engineering and commitment to EERI's mission by joining us as an EERI Subscribing Member.

As the United States' national society for professionals actively engaged in earthquake hazard mitigation, EERI attracts leaders in the multidisciplinary field of earthquake risk reduction—and the students and young professionals who are the leaders of the future.

Subscribing Membership provides opportunities for recognition, networking, and access to the earthquake engineering community through the most influential earthquake engineering organization in the U.S.

Established in 1948, EERI's mission is to reduce risk by advancing the science and practice of earthquake engineering; by improving understanding of the impact of earthquakes on the physical, economic, political, and cultural environment; and by advocating comprehensive and realistic measures for reducing the harmful effects of earthquakes.

Earthquake Engineering Research Institute

EERI Subscribing Members are among the most elite, highly-valued, and well-respected firms and organizations in the field of earthquake risk reduction.

EERI SUBSCRIBING MEMBER BENEFITS

To enhance Subscribing Member visibility and maximize participation in programs of particular interest to them, EERI has five categories of Subscribing Membership: Diamond, Platinum, Gold, Silver, and Bronze.

Select benefits include:

◆ Complimentary registrations to EERI seminars and webinars. Diamond and Platinum levels each receive five free registrations, Gold receives four, Silver receives three, and Bronze level members receive two. Subscribing Members also have the opportunity to set out table material at seminar venues.

◆ A Subscribing Member profile highlighted on EERI's website, www.eeri.org, with link to the firm's website. Upon joining, new Subscribing Members are featured in *The Pulse of Earthquake Engineering*, EERI's biweekly email newsletter, sent to nearly 3,000 members of the earthquake engineering community.

◆ Listing in each issue of EERI's prestigious quarterly technical journal, *Earthquake Spectra*.

◆ An exclusive opportunity to exhibit at the EERI Annual Meeting **free of charge** and at EERI national conferences at discounted rates.

◆ At least four complimentary individual memberships (three Regular and one Young Professional) with all related membership benefits including *Earthquake Spectra*, and access to the EERI online membership directory.

Subscribing Member dues help support the Annual EERI Undergraduate Student Design Competition, which builds camaraderie, enthusiasm, and leadership skills for tomorrow's earthquake engineers.

◆ Presentation of an engraved perpetual plaque at the EERI Annual Meeting Subscribing Member Special Reception.

◆ The opportunity to run, free of charge, short announcements and job openings in *The Pulse of Earthquake Engineering*.

◆ EERI will send an email blast on your behalf one time per year to our mailing list announcing company news, events, products, or services to our entire membership or a targeted demographic of your choosing.

To learn more about the benefits and opportunities of EERI Subscribing Membership and decide which level is right for your organization, contact Rebecca Singh at Rebecca@eeri.org.
